

Discover the Civic Museum of Natural History

Address:

Web-page:

When was the Museum founded?

What was the first name of the Museum?

When did the Museum take its current name?

When were inaugurated the current headquarters of Trieste's Civic Museum of Natural History?

What kind of collections are present in the Museum?

What are the names of the rooms of the Museum?

BIODIVERSITY: The Importance of Being Different

WARNING!!! DON'T TOUCH THE STUFFED SPECIMENS. THEY MAY RELEASE DANGEROUS TOXIC SUBSTANCES

The Cabinet of Wonder

What is the Cabinet of Wonder?

When did the chronicles recall the presence of the Cabinet of Wonder?

Who owned the Cabinets of Wonder?

How many specimens are there in the Museum's insect collection?

The Scientific Cabinet

What is the Scientific Cabinet?

Who did carry out his experiments in the Scientific Cabinet?

When did the Scientific Cabinet become common?

What is the definition of museum today?

Antonio's room

Who is Antonio?

Why is Antonio so important?

How big was Antonio?

What are the characteristics of Antonio?

What did Antonio eat?

How did Antonio eat?

Where was Antonio found?

When was Antonio found?

Who did Antonio live with?

When did Antonio live?

Was Antonio male or female?

The Rooms on the Evolution of Man

What are the differences between Pongidae and Humans?

Who is Lucy?

Why is the jaw of Lonche so important?

BIODIVERSITY: The Importance of Being Different

Fill in the table (if it's possible).

	Dating	Discovery	Brain volume	Feeding
Homo habilis				
Homo ergaster				
Homo erectus				
Homo floresiensis				
Homo heidelbergensis				
Homo neanderthalensis				
Homo sapiens				

The Theater of Skeletons

How many skeletons are exhibited?

Which is the biggest skeleton?

Which is the smallest skeleton?

Which animals do the skeleton belong to? List ten animals.

The Cycle of Life

Who are the producers?

What do the primary consumers eat?

What do the secondary consumers eat?

What do the opportunistic consumers eat?

What do the tertiary consumers eat?

What do the decomposers eat?

The Rooms of Sharks

Who is Carlotta?

How many different fins do sharks have?

What are shark skeletons made of?

How are shark jaws different or special?

How old is the most ancient shark tooth?

How many senses do sharks have? List them.

Which senses are different from human ones?

Geodiversity

Find the following minerals and fill the table below.

	chemical formulae	elements in the compound	colour
gypsum			
quartz			
hematite			
cinnabar			
sodalite			
pyrite			
copper			
rhodochrosite			
malachite
